

Chesapeake

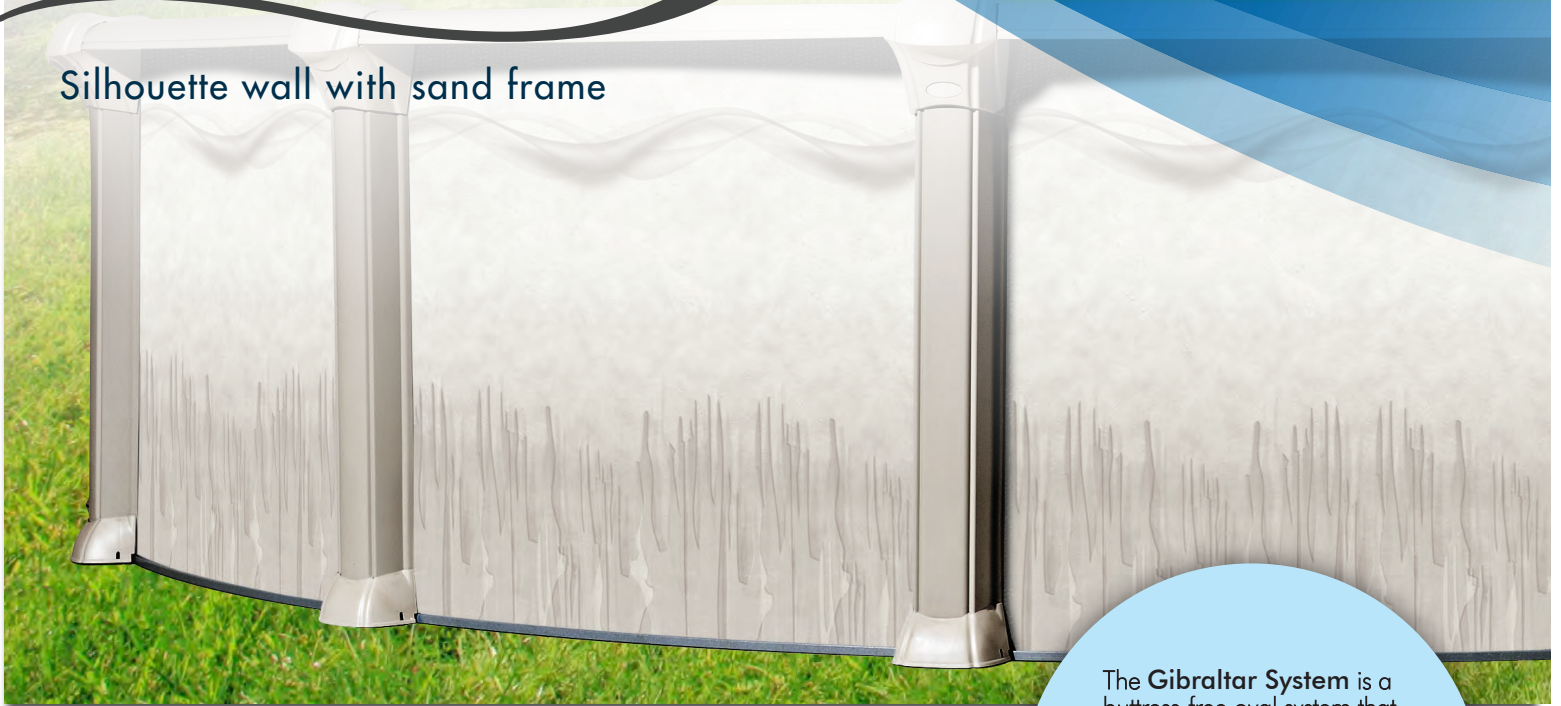

Where form meets function.

ATLANTIC[™]
ABOVE GROUND POOLS

Chesapeake

Silhouette wall with sand frame

The **Gibraltar System** is a buttress-free oval system that does not require angled side supports, which take up extra yard space. This unique system delivers unsurpassed structural strength without visible supports. This attractive streamlined appearance takes up less valuable yard space.

Top ledge and uprights

- 9" steel top ledges
- Steel uprights
- Super-sturdy steel frame

Gibraltar Buttress-Free system

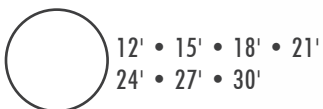

- An exclusive buttress-free system
- Maximizes yard space by eliminating unsightly struts
- Oval pools only

Omega Stabilizer

Only Atlantic pools feature the self-supporting Omega stabilizer bar. This nifty feature greatly simplifies homeowner installation, and has made Atlantic pools the top choice of many professional installers.

All-Weather Protection

The top ledges and uprights on every Atlantic pool undergo a state-of-the-art protective treatment process. In addition, they are coated with Texture-Kote. This combination provides incredibly long-lasting, all-weather protection with added resistance against corrosion, scratching and damaging UV rays. Atlantic's unique Quadra-Fold system and bolting pattern provides maximum wall joint strength.

ATLANTIC
ABOVE GROUND POOLS

NO DIVING. NO JUMPING. ABOVE GROUND POOLS ARE DESIGNED FOR SWIMMING ONLY. MAINTAIN CONSTANT VIGILANCE WHEN CHILDREN ARE IN OR AROUND THE POOL.

Your above ground pool is designed provide years of pleasure and safe family fun, so water safety practices should be strictly adhered to. When used incorrectly, your swimming pool can be dangerous, as your pool contains shallow water making diving or jumping unsafe. Please observe the safety precautions that are provided to you when you purchased your above ground pool, and conform to all local regulations. The dimensions, weights, illustrations and other specifications may not be exactly as shown and are approximate. The company reserves the right to modify and/or discontinue, without notice, any feature in any pool model. ©Copyright 2019 8300-282A

Costa del Sol

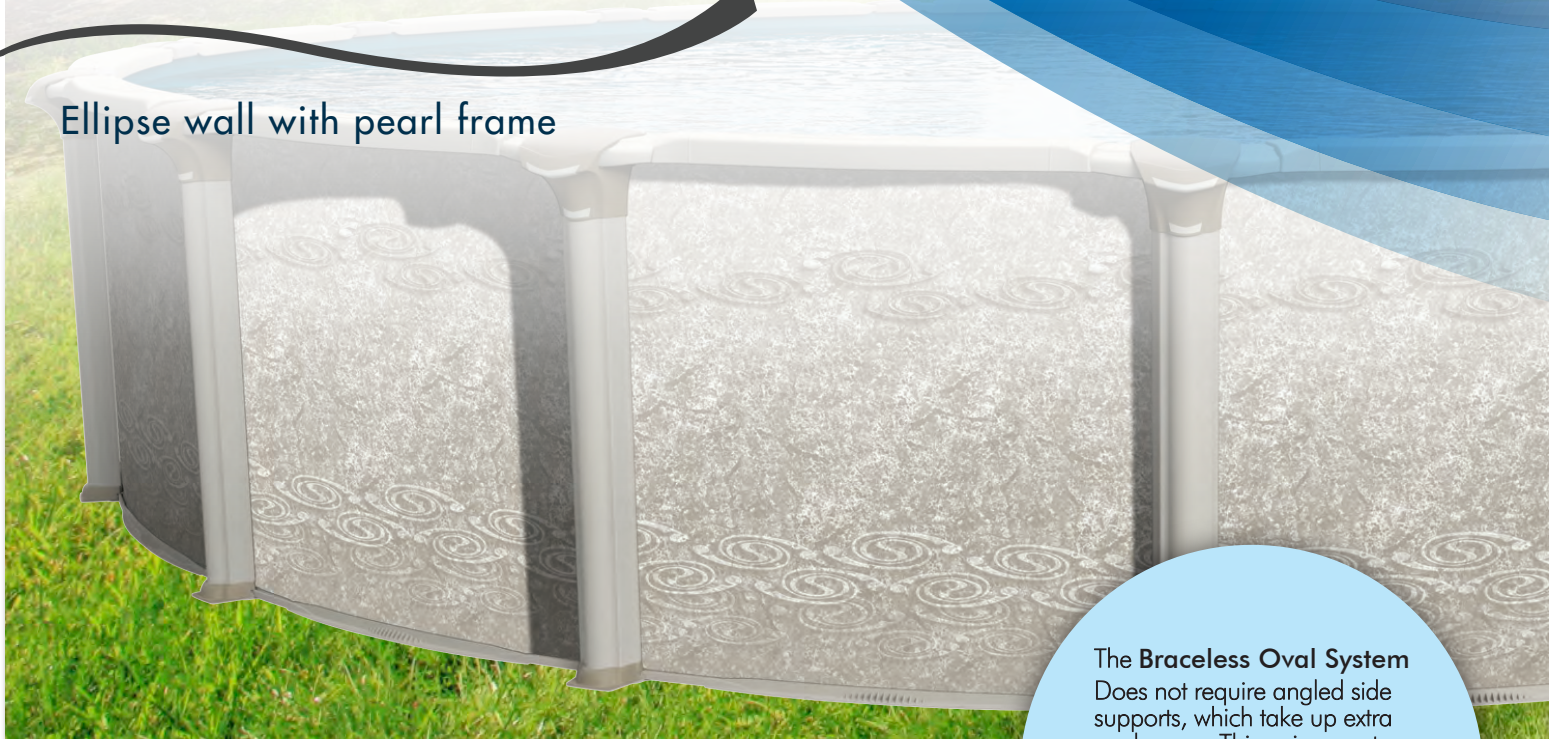

Injection-molded resin and super-sturdy steel give the Costa del Sol unsurpassed beauty and durability.

Vista™

Summer Dream Wall

STRUCTURE

- All-aluminum construction, including wall
- Slip-resistant finish on coping
- Painted aluminum bottom track
- Stainless steel fasteners
- Top and bottom clips made from extruded aluminum

WALL CLOSURE BARS

- Corrugated aluminum walls held fast by extruded aluminum alloy
- Designed for maximum resistance to pressure
- Cutting-edge engineering using leading materials

DELTA 3000 SUPPORT SYSTEM

- Oval pools only
- Incorporates aluminum tie bars and a water plate
- Provides exceptional structural integrity for oval pools
- Eliminates need for unsightly side struts
- Engineered to ensure maximum swimming area for minimal space

PATENTED LINER RECEIVER

- Holds pool liner snug to prevent slippage, damage
- Integral part of leading-edge pool design
- Ensures long liner life and easy maintenance

Solid Decisions

Why Choose Aluminum?

Nothing delivers value like extruded aluminum. Here are a few reasons why aluminum is your best investment for long-term enjoyment:

- Corrosion resistance. Aluminum's very atomic structure makes it resistant to rust and corrosion, which means it can stand up to soil, minerals, moisture and chemicals.
- Total reliability. There's a reason that aluminum is the material of choice for the airline, automotive and construction industries. Fighter jets, skyscrapers, scaffolding and bridges – aluminum is the material people trust with their lives.
- Incredible strength. Pound for pound, aluminum is twice as strong as steel, and even stronger compared to resin. When it comes to retaining the pressure of thousands of pounds of water, aluminum is always up to the challenge.

Pool Warranty

Limited Lifetime Warranty

Endless Summer Fun

When it's hot outside, nothing beats wading in the cool waters of your Vista above ground pool!

WATER SAFETY

Your above ground pool has been designed to provide you with years of safe, family fun. This entails that water safety must always be taken into account. When used incorrectly, your above ground swimming pool can be dangerous; above ground pools are shallow, and this makes diving and jumping unsafe. To ensure your above ground pool is used safely you must observe the safety precautions that are provided to you when you purchase an above ground pool and conform to all local regulations.
